Residential, Commercial & Industrial Plots in Coimbatore

Our Story

For many of us, buying a plot or a home is a great deal where we invest our hard-earned money to build our dream home or business.

As if doing this is not challenging enough, there are loads of other obstacles we have to deal with when buying or selling land.

Discovering good plots at great price in the location of your choice is a big problem. Then, hefty fees and commissions charged by brokers. Additional expenditure to get the plot ready for building. Finding land that clear of all legal disputes.

And these are the surface-level problems.

Sri Vishakha Fields was built with the purpose to support buyers and sellers at every step of the property deal whether buying and selling process.

Our Mission

Our mission is to build a transparent and honest system of buying and selling property that will have no room for legal issues or excessive commissions and will have innovative designs at affordable costs.

Our Vision

Our vision is to extend our operations to the rest of India so that people all over the country could experience hassle-free property deals.

Why trust us? For your land deals!

DTCP compliant

All our plots are 100% compliant with all DTCP requirements and specifications for residential and industrial plots

Uncompromised Amenities

24x7 CCTV Surveillance, Bore water, Electricity, Drainage, and connectivity for your comfort and convenience

Ready-to-build plots

We transform any plot to ready-to-build plots complete with all amenities, so you can start building your dream right

Value for money

Rest assured that you'd get the best deals at Sri Vishakha Fields, whether you're buying or selling

No brokers or middlemen

As we deal with buyers and sellers directly, you save loads of money in broker commission and fees

With you, from start to finish

Right from discovering the plot through to signing the papers, we take care of everything for you.

Our Services

- Villa design and elevation experts
- Vastu compliance experts
- Best Interior Designers
- Consultants who specialize in landscape designing and execution
- Consultant who specialize in getting construction related approvals
